

All wrapped up to go for the holidays.

When the weather outside is frightful, eating at home is quite delightful. And what better way to make sure that your food gets there looking and tasting good than our *First Mark*™ vented foam containers. The unique design helps to prevent spills when headed out into the elements, and the vent system lets steam out while keeping heat in. Now your customers can enjoy your food at home the way it was intended - and not a soggy mess.

Always Authentic. Always ROMA. www.romafood.com or 877-297-ROMA
